"Innovation in drug delivery: From preformulation to development through innovative evaluation process"

3-6 October, 2010, Aix-en-Provence(France)

Châtenay-Malabry, 12.11.2009

Dear Colleague,

Your support for the 2nd Conference on

"Innovation in drug delivery: From preformulation to development through innovative evaluation process" is important and will help us to make this conference a success and thereby continue to contribute to the development of the pharmaceutical sciences.

This conference is jointly organized by the A.D.R.I.T.E.L.F. (Associazione Docenti e Ricercatori Italiani di Tecnologie et Legislazione Farmaceutiche), Italy, and the APGI (Association de Pharmacie Galénique Industrielle – *International Society of Drug Delivery Sciences and Technology*), France.

Your presence as sponsor and/or as exhibitor will demonstrate of your contribution and, of course, promote awareness of your activities in the field, as this will clearly appear in the conference documentation.

There are various types of contribution you may consider as shown in the attached documents: sponsorship, exhibiting and advertising. Please feel free to contact us if you need any further information.

We thank you in advance for your support and we look forward to seeing you as one of our *"Platinum Sponsors"*, or participating with us in any other way, so that we can associate you with a successful event.

We are looking forward to seeing you or your colleagues in Aix-en-Provence **in October 2010**.

Yours sincerely,

Prof. Ubaldo Conte
President of the A.D.R.I.T.E.L.F.

The A.D.R.I.T.E.L.F.

The **A.D.R.I.T.E.L.F.** is the Italian Association of Professors and Academic Reserchers of Pharmaceutics, Pharmaceutical Technology, Biopharmaceutics and Regulatory Affairs. Founded in 1972, the **A.D.R.I.T.E.L.F.** is a non-profit-making organisation with about 300 active members at the moment, from all over Italy. The society is devoted to promoting interactions and collaborations among all researchers from academy and industry within these scientific fields. Main activities are the biannual scientific meeting and the cooperation with other international scientific organizations.

The APGI

The **APGI** (Association de Pharmacie Galénique Industrielle) was created in 1964 in Paris, and is an association open to all, academics and individuals in industry, who are interested in pharmaceutical technology and the design, formulation and pharmacotechnical, biopharmaceutical and pharmacokinetic assessment of dosage forms and delivery systems, whether pharmaceutical or dermatopharmaceutical. The **APGI** has members covering more than thirty different nationalities, with contacts and friends in over fifty countries. The **APGI** is a member of the **EUFEPS** (European Federation of Pharmaceutical Sciences) and of the **FIP** (Fédération Internationale Pharmaceutique).

The APGI publishes the newsletter *La Gazette* and the scientific publication the *Journal of Drug Delivery Sciences and Technology*, which is the official journal of the **APGI**, the **A.D.R.I.T.E.L.F.** (Italy) and the **APSTJ** (Japan).

The **APGI** has organizing several major events, includings:

The Skin and Formulation Symposium (Paris, 2003 - 180 participants, Versailles, 2006 - 250 participants and Versailles, 2009 - 300 participants).

The 1st Coating Workshop (Lille, 2008 - 140 participants).

The World meeting on Pharmaceutics, Biopharmaceutics and Pharmaceutical Technology co-organized with APV, Germany (Florence, 2002 - 1300 participants; Geneva, 2006, Barcelona, 2008 - 1450 participants).

The next *World Meeting* will take place in **Malta, 8-11 March, 2010**.

1st Conference on Innovation in Drug Delivery: From from biomaterials to devices (Naples, 2007 - 350 participants).

The APGI was also one of the main partners in the *PharmSciFair – The Pharmaceutical Sciences Fair and Exhibition* (Nice, 2005 - 1200 participants). APGI is also a partner of the **PharmSciFair, Nice, 8-12 June, 2009** and its satellite meeting: **Young Scientists Meet in Nice**.

The 11th International Symposium on Cyclodextrins (Montpellier, 2004 - 250 participants).

The Eufeps/Apgi Conference on “Optimising Drug Delivery and Formulation” (Versailles, 2003 and 2005 - 230 participants).

The European Conference on Drug Delivery and Pharmaceutical Technology (Sevilla, 2004 - 550 participants, co-organized with the **A.D.R.I.T.E.L.F.** - Italy and the **SEFIG** - Spain).

PRELIMINARY PROGRAMME

The 2nd Conference on:

"Innovation in drug delivery: From preformulation to development through innovative evaluation process"

3-6 October, 2010, Aix-en-Provence (France)

Plenary Lectures

Dr. Bernard Cabane, ENPC Paris, France

Micelles, Microemulsions and Emulsions as Drug Carriers: What are the Boundaries according to Thermodynamics?

Prof. David Edwards, Harvard University, USA

Inhaled BCG for Tuberculosis Vaccination

Prof. Carlo Ventura, Università di Bologna, Italy

Hyaluronan Mixed Esters of Butyric and Retinoic Acids: Differentiating and Paracrine Logics for Regenerative Medicine and Cardiovascular Repair

Invited Lectures

Prof. Anna Rita Bilia, University of Firenze, Italy

NMR Analysis of Aggregates and Supramolecular Complexes

Prof. Martyn Davies, University of Nottingham, United Kingdom

Nanotechnology in Drug Delivery

Dr. Jean Doucet, University of Paris-Sud, France

Novel Opportunities Offered by Synchrotron Light-based Techniques for the Design and Evaluation of Drug Delivery Systems

Prof. Massimo Fresta, University "Magna Græcia" Catanzaro, Italy

Targeted Colloidal Lipid-based Drug Carriers

Prof. Juan Manuel Irache, University of Navarra, Spain

Poly(anhydride) Nanoparticles for Oral Delivery of Poorly Available Drugs

Prof. Karsten Maeder, University of Halle, Germany

Noninvasive Monitoring of Drug Delivery by MRI, ESR and Optical Imaging

Dr. Sara Nicoli, University of Parma, Italy

Transcleral Delivery of Macromolecules: The Iontophoretic Approach

Prof. Gilles Ponchel, University of Paris-Sud, France

Characterization of Molecular Interactions as a Tool for Designing Multifunctional Nanoparticles for Targeting Applications

Prof. Thomas Rades, University of Otago, New Zealand

Modern Spectroscopic Techniques to Characterize Pharmaceutical Solids

Dr. Céline Valéry, Beaufour Ipsen, Barcelone, Spain

Peptide Self-assembly and Formulation: The Biomimetic Approach

Oral presentations

A large place will be given to oral presentations selected from the submitted abstracts.

3 Technical Sessions

If you are an industrial and would like to give a talk at in one of these sessions, please contact us for information and terms.
