

Info day

14 November 2023  
Paris - France

POORLY SOLUBLE DRUGS:  
AN INDUSTRIAL PERSPECTIVE  
ON FORMULATIONS FOR  
BIO-AVAILABILITY ENHANCEMENT

During this one-day event,  
we will discuss

- Lipid Formulations
- Spray drying
- HME
- 3D Printing

With experts from industry  
and academia

- Prof. Eric Beyssac
- Dr. Jinhuk Rhaman Yildir
- Philippe Caisse
- Dipl.-Ing Dr. Martin Spoerk

Please check [www.apgi.org](http://www.apgi.org) for up-dated  
information: programme, registration...

# Info day

Poorly soluble drugs:  
An industrial perspective on formulations for bio-availability enhancement

08:30 *Welcome coffee*  
**09:00 Information on partners & program**  
09:20 *Supplier viewpoint on lipid-based formulations*  
Gattefossé  
10:00 *Industrial viewpoint client of lipid formulations*  
Nextpharma  
**10:40 Coffee break**  
11:10 *In vitro testing challenges*  
Prof. Eric Beyssac – University Clermont Auvergne  
11:50 *Title tbc*  
Xavier Pepin – Simulation Plus  
**12:30 Lunch**

13:40 *Spray drying*  
Sanofi  
14:20 *HME*  
TBC  
**15:00 Coffee break**  
15:30 *3D Printing*  
Dr.Jinhuk Rhaman Yildir, Nextpharma  
Philippe Caisse, Gattefossé  
16:10 *Industrialization of lipid dosage forms*  
Dipl.-Ing Dr.Martin Spoerk, RCPE  
**16:50 Closing remarks**

## Fees

Free for APGI members

For non members, fees are:

Students	25€ + 20% VAT
Academics	90€ + 20% VAT
Industrials	220€ + 20% VAT
Retirees	25€ + 20% VAT

And with this you become APGI member for 2024 (and you can assist free of charge to other Info Days in 2024 and have reduction to the PBP World Meeting)

## Registration

Registration will open in May  
through our website

**Venue**  
In Paris
