Dear Colleague,

Your support for the 4th Conference on “Innovation in Drug Delivery: Site-Specific Drug Delivery” is important and will help us to make this conference a success and thereby continue to contribute to the development of the pharmaceutical sciences.

After the first conference "Innovation in Drug Delivery" (Naples, 2007), the second one (Aix en Provence, 2010), and the 3rd conference (Pisa) ADRITELF and APGI are pleased to announce the forth appointment of the series. This time the meeting will be mainly focused on “Site-Specific Drug Delivery”. This important event will represent a stimulating occasion capable to foster intellectual and scientific exchanges among the participants. As usual, plenary and invited lectures as well as oral and poster contributions will be present in the program. The programme will also include technical sessions devoted to specific scientific equipment or tools. This 4th Conference will take place at the Congress Centre of Antibes-Juan-les-Pins close to Nice on the French riviera, France, from the 25 to 28, September, 2016.

The conference is jointly organized by ADRITELF (Associazione Docenti e Ricercatori Italiani di Tecnologie e Legislazione Farmaceutiche), Italy, and APGI (Association de Pharmacie Galénique Industrielle – International Society of Drug Delivery Sciences and Technology), France. About 350 to 400 participants are expected. The last edition in Pisa gathered around 55 nationalities and up to 350 participants.

We would highly appreciate if your company could contribute to the meeting, for instance acting as a sponsor and/or exhibitor. Please find hereafter details on the various sponsoring and exhibiting possibilities. Your contribution will help to intensify the fruitful exchange between academia and industry and at the same time promote the awareness of your activities in the pharmaceutical field.

We are all looking forward to seeing you or your colleagues in Antibes - Juan-les-Pins in September 2016.

Yours sincerely,

Prof. Juergen Siepmann

**The A.D.R.I.T.E.L.F.**

Founded in 1972, A.D.R.I.T.E.L.F. (Associazione Docenti Ricercatori Italiani di Tecnologia e Legislazione Farmaceutiche) is a non-profit making scientific society with about 200 active members from all over Italy. This Italian Association of Professors and Academic researchers of Pharmaceutics, Pharmaceutical Technology, Biopharmaceutics and Regulatory Affairs is devoted to the promotion of interactions and collaborations, throughout the world, among researchers from academia and industry within these scientific fields. The society is also actively involved in the education and training of young researchers in the field of pharmaceutics. Together with APGI (France) and APSTJ (Japan), the association is publishing the "Journal of Drug Delivery Sciences and Technologies". Important activities are also the biannual national scientific congress and the cooperation with other scientific societies for the organization of international meetings.

**The APGI**

The APGI (Association de Pharmacie Galénique Industrielle/International Society of Drug Delivery Sciences and Technology) was created in 1964 in Paris, and is an association accessible to all, academics and individuals in industry, who are concerned with pharmaceutical technology and the design, formulation and pharmacotechnical, biopharmaceutical and pharmacokinetic assessment of dosage forms and delivery systems, whether pharmaceutical or dermopharmaceutical. The APGI has members covering more than thirty different nationalities and counts contacts and friends in over fifty countries. The APGI is a member of the FIP (Fédération Internationale Pharmaceutique).

The APGI has organized (or acted as a main partner in) several major events as:

- The 1st and 2nd Coating Workshop (Lille, 2008 - 150 participants, 2013 – 150 participants)
- The 1st and 2nd Poorly Soluble Drugs Workshop (Lille, 2011 - 160 participants, Lille, 2014 - 150 participants)
- 1st Conference on Innovation in Drug Delivery: From from biomaterials to devices (Naples, 2007 - 350 participants)
- 2nd Conference on Innovation in Drug Delivery: From preformulation to development through innovative evaluation process (Aix-en-Provence, France, 2010 - 300 participants).
- 3rd Conference on Innovation in Drug Delivery: Advances in Local Drug Deliver. (Pisa, Italy, 2013 - 310 participants)
- The APGI was also one of the main partners in the PharmSciFair – The Pharmaceutical Sciences Fair and Exhibition (Nice, 2005 – 1200 participants) and PharmSciFair, Nice, 2009 (850 participants) and its satellite meeting: Young Scientists Meet in Nice (230 participants) and Prague, 2011 (700 participants)
- The 11th International Symposium on Cyclodextrins (Montpellier, 2004 - 250 participants)
- The Eufeps/Apgi Conference on “Optimising Drug Delivery and Formulation” (Versailles, 2003 and 2005 - 230 participants)
- The European Conference on Drug Delivery and Pharmaceutical Technology (Sevilla, Spain, 2004 - 550 participants, co-organized with the A.D.R.I.T.E.L.F. - Italy and the SEFIG - Spain)

ANTIBES - JUAN-LES-PINS CONFERENCE CENTRE
60 chemin des Sables, 06160 Antibes - Juan-les-Pins, France
17 km from Nice Côté d’Azur Airport

Antibes - Juan-les-Pins Conference Centre marks the advent of a new generation of convention centers by proposing, beyond its original function, a set of services composed of a shopping gallery, restaurants and an underground parking lot.
The location of the site at 150m from the sea and in the heart of a green path between the Gould Pine Grove and the Sidney Bechet square offers very attractive surroundings to the participants. The areas dedicated to the events are located on the 2 upper stories with a view over the sea.

Oral presentations

13 abstracts will be selected for oral presentations.

Technical Sessions

There will be technical sessions devoted to specific scientific equipment or tools.
TECHNICAL SESSIONS

The 4th Conference on:
"Innovation in Drug Delivery: Site-Specific Drug Delivery"
25-28 September, 2016, Antibes – Juan-les-Pins (France)

The programme of the conference will include technical sessions devoted to specific scientific equipment, techniques or other tools in the fields related to the topic “Site-Specific Drug Delivery”.

If you are interested in giving a lecture (20 min) in the technical session of the conference, please contact one of the persons indicated at the end of this page. Only sponsors and exhibitors are eligible to give technical session lectures (a normal sponsorship of your choice - minimum bronze level -, or rental of an exhibition space). If your topic is selected by the scientific committee, we will charge you with an additional fee of 1500 € (+ VAT). This additional fee includes a ½ page advertisement in the APGI Newsletter “La Gazette” and one conference registration. (Only 6 companies can be accepted). If this may be of interest to you and, as we are now finalizing this part of the programme, please contact us very urgently by sending us a short abstract of your presentation.

Abstract submission on the conference website: http://idd2016.sciencesconf.org/

EXHIBITION

The 4th Conference on:
"Innovation in Drug Delivery: Site-Specific Drug Delivery"
25-28 September, 2016, Antibes – Juan-les-Pins (France)

A live exhibition is the best way to interact with your current or future customers. We have reserved dedicated spaces in the Exhibition/Poster area for “Space Only” or an “Equipped Stand”. The Exhibition will take place in the poster and coffee break area and will therefore provide you with a very good visibility. All exhibitors will be listed in the final programme and the logo of the exhibitor will be published on the www.apgi.org website with a link to the exhibitor’s website.

The exhibition will take place from Monday 26 September 9:00 a.m. to Tuesday 27 September 5:p.m.

We offer standard “Space Only” of a minimum of 6 m² or larger “Equipped Stands” of a minimum of 6 m² that include a 2-kW electric outlet, 1 table, 2 chairs, 2 panels and a blue carpet. For extra persons “manning” your exhibition space, there is an extra charge per person for coffee breaks (4), lunches (2), welcome reception and the gala dinner (Extra Exhibitor badge). All exhibition spaces include one Full Conference Exhibitor Badge (value 450,00 €) as defined hereafter. The Full Conference Exhibitor Badge includes: Coffee breaks (4), lunches (2), welcome reception and gala dinner at a special discount rate of 450,00 € but is limited to 2 such registrations per 6 m² of exhibition space.
