Workshop on Oral Controlled Release

Thursday 6 July 2017, Lille, France

SPONSORING, EXHIBITING AND ADVERTISING OPPORTUNITIES

Dear Colleague,

The **APGI** (Association de Pharmacie Galénique Industrielle/International Society of Drug Delivery Sciences and Technology) is organizing for the first time a workshop dedicated to **Oral Controlled Release Solid Dosage forms**. This includes matrix systems as well as coated dosage forms, such as tablets, pellets and capsules.

During the one day event, oral and poster presentations from academia and industry, practical demonstrations (in small groups) and an industrial exhibition are foreseen. As practical demonstrations are included, the maximum number of participants is limited to 150. The workshop will be held at the University of Lille, College of Pharmacy, 3 Rue du Professeur Laguesse, 59006 Lille, France.

The entire spectrum, ranging from engineering aspects during the manufacturing process, the portfolio of commercially available excipients allowing to formulate a large variety of drugs, the underlying mass transport mechanisms and physical principles, characterization methods for the key properties of the devices as well as potential pitfalls and hurdles to be overcome during product development will be addressed.

This workshop will give an update on the current state of the art of how to best formulate **oral controlled release solid dosage forms**. An overview on the available excipients, preparation techniques and apparatuses, characterization methods and future strategies will be given by world-wide leading experts in the field including: From **ACADEMIA**: **Prof. R. Bodmeier (Freie Universität Berlin)** on formulation strategies, **Prof. T. De Beer (University of Ghent)** on PAT for tableting, **Prof. J. Dressman (University of Frankfurt)** on bio-relevant release media, **Dr. J. Goole (Free University of Brussels)** on liquid oral controlled release formulations, **Prof. T. Rades (University of Copenhagen)** on advanced physico-chemical characterization techniques, **Prof. J. Siepmann (University of Lille)** on drug release mechanisms and mathematical modelling. From the **INDUSTRY**: **Dr. M. Dadparvar (Evonik)** on customized release, **Dr. A. Rajabi-Siahboomi (Colorcon)** on controlled release matrix tablets and **Dr. Klaus Wening (Gruenthal)** on tamper-resistant dosage forms.

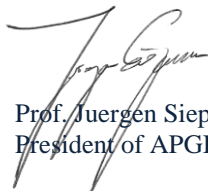

PRACTICAL DEMONSTRATIONS (in small groups) will be held on • R&D tablet coating (**ProCepT**)

- Compression (**Gamlen Tableting**) • Hot melt extrusion (**Thermo Fisher Scientific**)
- UV-imaging (**Sirius Analytical**) • Dissolution testing (**SOTAX**) and • Compression Coating (**Medelpharm**).

We would highly appreciate if your company could contribute to the meeting as a sponsor or exhibitor. Please find hereafter details on the various sponsoring/exhibiting possibilities. Your contribution will help to intensify the fruitful exchange between academia and industry and at the same time promote the awareness of your activities in the pharmaceutical field.

Thank you very much in advance and looking forward to associating you with this successful event!

Yours sincerely,

Prof. Juergen Siepmann
President of APGI

A SHORT PRESENTATION OF THE APGI

ORGANIZER OF THE:

Workshop on Oral Controlled Release
Thursday 6 July 2017, Lille, France

The APGI

The APGI (*Association de Pharmacie Galénique Industrielle/International Society of Drug Delivery Sciences and Technology*) was created in 1964 in Paris, and is an association accessible to all, academics and individuals in industry, who are concerned with pharmaceutical technology and the design, formulation and pharmacotechnical, biopharmaceutical and pharmacokinetic assessment of dosage forms and delivery systems, whether pharmaceutical or dermopharmaceutical. The APGI has members covering more than thirty different nationalities and counts contacts and friends in over fifty countries. The APGI is publishing the newsletter La Gazette.

The APGI has organized (or acted as a main partner in) several major events as:

The Skin and Formulation Symposium (Paris, 2003 - 180 participants, Versailles, 2006 - 250 participants, Versailles, 2009 - 300 participants, Lyon, 2012 - 250 participants)

The 1st and 2nd Coating Workshop (Lille, 2008 - 150 participants, 2013 - 150 participants)

The 1st 2nd Poorly Soluble Drugs Workshop (Lille, 2011 - 160 participants, 2014 - 150 participants)

The World meeting on Pharmaceutics, Biopharmaceutics and Pharmaceutical Technology

co-organized with APV, Germany and A.D.R.I.T.E.L.F. - Italy (Florence, 2002 - 1300 participants; Geneva, 2006, Barcelona, 2008 - 1450 participants, Malta, 2010 - 1000 participants, Istanbul, 2012 - 1250 participants, Lisbon, 2014 - 1300 participants and Glasgow, 2016 - 1200 participants)

The 1st European Conference on Pharmaceutics, (Reims, France, 2015 - 610 participants.

The 2nd European Conference on Pharmaceutics, (Krakow, Poland, 2017 - 450 participants.

1st Conference on Innovation in Drug Delivery: From from biomaterials to devices
(Naples, 2007 - 350 participants)

2nd Conference on Innovation in Drug Delivery: From preformulation to development through innovative evaluation process (Aix-en-Provence, France, 2010 - 300 participants).

3rd Conference on Innovation in Drug Delivery: Advances in Local Drug Delivery
(Pisa, Italy, 2013 - 320 participants)

4th Conference on Innovation in Drug Delivery: Site-Specific Drug Delivery, (Antibes, France, 2016)

The APGI was also one of the main partners in the **PharmSciFair – The Pharmaceutical Sciences Fair and Exhibition** (Nice, 2005 - 1200 participants) and PharmSciFair, Nice, 8-12 June, 2009 (850 participants) and its satellite meeting: **Young Scientists Meet in Nice** (230 participants) and Prague, 13-17 June, 2011 (700 participants)

The 11th International Symposium on Cyclodextrins (Montpellier, 2004 - 250 participants)

The Eufeps/Api Conference on “Optimising Drug Delivery and Formulation”
(Versailles, 2003 and 2005 - 230 participants)

The European Conference on Drug Delivery and Pharmaceutical Technology

(Sevilla, Spain, 2004 - 550 participants, co-organized with the A.D.R.I.T.E.L.F. - Italy and the SEFIG - Spain)

PRELIMINARY PROGRAMME & REGISTRATION FEES

Workshop on Oral Controlled Release
Thursday 6 July 2017, Lille, France

INVITED SPEAKERS

- Prof. R. Bodmeier (Freie Universität Berlin) "Oral Controlled Release Formulation Strategies for High Dose Drugs and Water-Insoluble Drugs"
- Prof. J. Dressman (University of Frankfurt) "Applications of Biorelevant Media in Drug Development"
- Prof. T. Rades (University of Copenhagen) "Advanced Characterization Techniques for Solid Dosage Forms"
- Prof. T. De Beer (University of Ghent) "PAT for Process Monitoring and Control of Continuous Tablet Manufacturing Processes"
- Prof. J. Siepmann (University of Lille) "Solid Oral Controlled Release Dosage Forms: Drug Release Mechanisms and Mathematical Modeling"
- Dr. J. Goole (Free University of Brussels) "Oral Modified-Release Drug Delivery System based on Multilayered Microparticles in a Liquid Dosage Form"
- Dr. A. Rajabi-Siahboomi (Colorcon) "Patient & Manufacturer Centric Development of Controlled Release Matrices"
- Dr. K. Wening (Gruenthal) "Abuse Deterrent Formulations – Needs, Development Strategies and Technology Landscape"
- Dr. M. Robota (Evonik) "Customized Release Profiles Using EUDRAGIT® Polymers"
- T. Cech (BASF) "Avoiding Alcohol-Induced Dose Dumping. Formulation Strategies Based on Poly(vinyl Acetate)"

PRACTICAL DEMONSTRATIONS

- R&D tablet coating (ProCepT)
- Compression (Gamlen Tableting)
- Hot melt extrusion (Thermo Fisher Scientific)
- UV-imaging (Sirius Analytical)
- Dissolution testing (SOTAX)
- Compression coating (Medelpharm)
